**Re: Response to 10/20/03 Notice of Missing Parts**  
**Applicant: SMOOT, Sue**  
**Title: "METHOD, SYSTEM AND DEVICE FOR BLOCKING SUNLIGHT"**  
**Application No. 10/644,984**  
**Provisional Filing Date: 11/25/02**  
**Utility Appl. Filing Date: 8/20/03**

Dear Patent Office:

I contacted the OIPE office this morning (and several other PTO offices) to determine the status of the above identified application. This application, originally filed as a provisional application on Nov. 25, 2002, and filed as a corresponding utility application with a different title on August 20, 2003, also contained a Petition to Make Special. I was told by Mr. Williams in the OIPE that the Office is still awaiting a response to the Notice of Missing Parts (mailed 11/20/03).

On Nov. 17, 2003 and on December 3, the Applicant filed two responses (both attached, including copies of the express mail receipt as well as return receipt postcard stamped by the OIPE). The first response was filed in complete response to the 11/20/03 Office Action. A second response was filed on December 3, 2003 because the Applicant found out that the Office had inadvertently placed the utility application funds into a separate, new provisional application number which was never applied to the utility application. As such, the Applicant's attorney spoke to Eleanor Kurtz of the Patent Office of Finance, who transferred \$25.00 to the utility application. This left a balance of \$40.00 to respond to the notice of missing parts. Applicant submitted by fax the additional \$40.00 through the Office's Credit Card Payment form on December 3, 2003. Ms. Kurtz suggested filing a second response to the 11/20/03 Office Action to record what transpired.

Applicant believes that all documents responsive to the 11/20/03 Office Action have been filed since December 3, 2003. Applicant desires the Office to take special notice to the pending Petition to Make Special and have this application examined as soon as possible.

The undersigned attorney of record would appreciate a phone call from the OIPE division to prevent any further confusion surrounding this application.

- COPY OF A Third Office Action dated January 20, 2004, identifying that the Patent Application, identified as the Unity Application, was the National Application assigning it a different Application Serial No. 60/928,974 and incorrectly assigning it a application an Art. - An original Verified Statement Claiming Small Entity Status executed by the Applicant (Exhibit F); and
- A check for \$25.00 to cover the surcharge for a late oath.

According to a phone conference I had with the Initial Examining Division today, it appears that the Office deposited the check for \$375.00 for the Utility Application filing fee for the benefit of Application Serial No. 10/644,984 (I was told that there are no other documents filed which are associated with this serial number - I was also told that the "Confirmation Number" for this check was assigned Confirmation Number 7498). As such, the 10/20/03 Notice to File Missing Parts, requesting a check for a provisional application filing fee, is incorrect.

As such, please change your records to show that a completed Utility Application (assigned Application Serial No. 10/644,984) was properly filed with the required filing fee on August 20, 2003, claiming a priority filing date of November 25, 2002 from Provisional Patent Application Serial No. 60/428,988. Also, please proceed to process the Petition to Make Special based upon the Applicant's age. Additionally, please change your records to reflect an Attorney Docket Number of "SMOOT001".

Should you have any questions, please call the undersigned attorney.

Sincerely,
